FAQs

What counts as a qualified lead?

An enquiry that meets the service, location and other criteria agreed before the campaign starts.

Are these guaranteed customers?

No. They are qualified opportunities. Your sales conversation, pricing and service determine whether they become customers.

How does the guarantee work?

Your pilot agreement will define the target, qualifying bookings, your responsibilities and what "you don't pay" covers.

Does it work for every service business?

We assess your offer, area and capacity first. We only recommend the pilot where the setup makes sense.

Is ad spend included?

The proposal will clearly state the pilot fee and whether advertising spend is included or separate.
